1. Discussion on plans for upcoming tentative event, "Easter Giveaway". A decision will be made about the event by 3/23/18, as Discretionary Funds have not been received as of the meeting date.
2. Chairman Crespo introduced the idea of having a Women's Recognition event on May 11, 2018. Our District Manager, Ralph Acevedo will contact at least 3 caterers to find out cost for such event. It was decided that four female community leaders will be selected by the Chair, District Manager and Special Events Committee for recognition. Sandra Collazo suggested we buy floral bouquets for the ladies. We will issue Certificates for all ladies present and Plaques for the four selected to be recognized. This event can only happen if Discretionary Funds are received in a timely manner.
